## DUE PROCESS and HANDICAPS

SYC utilises a democratic *due process* in relation to pertinent Sailing matters that effect our Sailing Community. This *due process* incorporates the Divisional Representatives of The Sailing Committee, the Vice Commodore of Sail and the Sailing Office.

The Top Yacht program is used by SYC for its race management software. The following handicap systems are used for the Offshore Division:

- Offshore Racing Congress Club (ORC Club)
- International Rating Certificate (IRC)
- Performance Handicap System (PHS)

Please contact the Sailing Office or your Sailing Committee Divisional Representative for further detailed information in relation to handicaps.

Prior to the commencement of all races, Competitor handicaps will be advertised on the SYC website.

## **Existing Boats**

At the start of a new season, all PHS handicaps will be set based on each yacht's final CHC in the last race, of the last comparable series, each yacht has sailed. In the absence of a relevant CHC, the Handicap Committee will review and set the initial AHC for each yacht prior to the start of the season. If the fleet is altered with additional or loss of a significant amount of vessel/s then a new baseline may need to be set. This review will occur prior to the start of the new series and the new PHS and reasons for the amendment will be available at the SYC Sailing Office on request.

# OFFSHORE DIVISION – 2020/21 SAILING INSTRUCTIONS

## ***Conditions for all Boats***

PHS may be amended if the boat is modified. In accordance with Sailing Instructions, any modifications need to be provided in writing to the SYC Sailing Office 48 hours prior to racing. If such modifications are deemed to be significant, the boat will be assessed and entered as a new boat. Previous results will not be combined in the Series results.

Notification of change of Helmsperson from that on the nomination form for a Series/Regatta must be made in writing to the SYC Sailing Office. Failure to comply with the above conditions will result in a PHS adjustment. The SYC Divisional Race Committee will review all results during the following week and provide their recommendations to the Sailing Committee. If on review the Sailing Committee finds that the PHS falls outside the mathematical constraints of the Top Yacht Program, then the Sailing Committee may make a manual adjustment. If such an adjustment occurs, the value and the reasons will be available at the SYC Sailing Office on request. The Vice Commodore of Sail, Divisional Sailing Committee Representative and Sailing Office shall confirm all manual adjustments and the Sailing Office will issue a brief reason for the adjustment containing the series and the date of the change.

## ***New Vessels***

A starting PHS and division allocation will be made on submission of a new vessel's details, as per Vessel Registration form. This starting PHS will be reviewed to confirm that the first PHS is appropriate to allow the TopYacht Program to make the automatic adjustment within its mathematical constraints. If for some reason the PHS fails to be adjusted appropriately, then a manual adjustment may be made.

## ***Handicap Review***

Any Competitor may make an application in writing to the Sailing Office to have their Handicap reviewed without prejudice. In their submission, the Competitor must provide detailed reasons and appropriate calculations to validate their request. The Sailing Office will forward their request to the relevant Sailing Committee Divisional Representative and the Divisional Race Committee for their recommendations. Upon receipt of these recommendations, the Vice Commodore of Sail, Sailing Committee Divisional Representative and Sailing Office may then approve or decline the adjustment and the Sailing Office will issue a brief reason by email containing the series and the date of the amendment or declination
